

Prestigic Fence Products

YOUR FENCE & RAILING PROFESSIONALS

VINYL • ALUMINUM • HANDRAILS

Working with us is **EASY** as 1-2-3

1 QUICK QUOTING
We get most standard quotes out in under an hour! Give us a try, what do you have to lose?

2 AVAILABILITY
We keep more product on the ground than some of the big suppliers. In 2024, we will be stocking product in 3 locations for even faster lead times.

3 PRICING
If you aren't a big fence contractor, the big suppliers don't want your business so they give you high prices to offset their time. But we specialize in the small-to-medium fence contractors, and our fair pricing shows it.

Prestigic Fence Products

A Prestigic Vinyl Creations Brand

Like many of you, we started our fence journey when a family member- Dad, Mother, Brother, or Sister- put a fence tool in our hands and told us to go help. The fence industry has been built on generations of families building a business based on the community's and families' needs. The same is true about us at Prestigic Vinyl Creations.

Dan Wilson started his journey in the fence industry with his dad while living in the great state of Michigan. As just a young boy, his dad put him to work helping where needed, not knowing he was equipping Dan with a lifelong profession; one that he would use and develop from the early days as a helper to an installer and then to owning his own fence company in Middle Tennessee in 1983. Dan and his wife Teresa saw the need for a new fence product category, PVC Vinyl. In 2000 Tennessee needed someone to fabricate PVC profile materials into finished goods so they equipped themselves to serve the fence industry as specialists in this category and haven't looked back. They began with the thought, "If you can draw it, we can build it" and have now been serving the fence industry for 36 years.

We at PVCFP have been blessed to grow our service area to the Mid-South region of the US over the years. We've grown from a small fence guy in Michigan to a trusted fence supplier now in Centre, Alabama for the many great people we call our customers. Please let us help you grow your business, one fence job at a time. We stock standard to custom PVC vinyl fencing in many colors and standard residential Aluminum in black.
