

# About Us

We are a family-owned fence business started, founded and run by former fence installers. We began with the thought, “If you can draw it, we can build it” and have now been serving the fence industry for over 36 years. We at PVCFP have been blessed to grow our service area to the Mid-South region of the US. We’ve grown from a small fence guy in Michigan to a trusted fence supplier now in Centre, Alabama for the many great people we call our customers. We stock standard to custom PVC vinyl fencing in many colors and standard residential Aluminum in black.
